

# **DIAS: Dermato-Immuno-Allergo Series, Volume 1**

## **Photoallergy and Photopatch Testing**

**Edited by Radoslaw Spiewak**  
**Institute of Dermatology, Krakow 2009**  
**ISBN: 978-83-929579-0-4**

### **Contents**

#### **Part 1: Introduction**

- An introduction into patch testing 1  
*Radoslaw Spiewak (Krakow)*
- An introduction into photopatch testing 11  
*Radoslaw Spiewak (Krakow)*

#### **Part 2: Photoallergy Meeting**

- The influence of light on the skin barrier 16  
*Cezary Kowalewski (Warszawa)*
- The influence of light on the skin immune system 18  
*Joanna Narbutt (Lodz)*
- Photodermatoses - skin diseases induced by light: An overview 19  
*James Ferguson (Dundee)*
- Pathomechanisms of phototoxic dermatitis 20  
*Radoslaw Spiewak (Krakow)*
- Pathomechanisms of photoallergic dermatitis 23  
*Radoslaw Spiewak (Krakow)*
- The epidemiology of photoallergy 27  
*Alastair Kerr (Dundee)*
- History of photopatch testing 28  
*Percy Lehmann (Wuppertal)*
- Photopatch tests: consensus methodology,  
present standard procedures 29  
*Derk P. Bruynzeel (Amsterdam)*
- Therapeutic options for photoallergy 34  
*Peter Schmid-Grendelmeier (Zurich)*

#### **Part 3: Photopatch Test Course**

- Photoallergic contact dermatitis to terbinafine 35  
*Radoslaw Spiewak (Krakow)*
- When to suspect a photoallergic reaction? 36  
*Alastair Kerr (Dundee)*

Occupational photocontact allergy produced by carprofen <i>Alastair Kerr (Dundee)</i>	38
Patient's and doctor's safety during photopatch testing: Possible risks and precautions <i>Joanna Narbutt (Lodz)</i>	39
Managing photopatch test results: How should we interpret these? <i>James Ferguson (Dundee)</i>	40
Photocontact allergic and phototoxic studies of chlorproethazine <i>Alastair Kerr and James Ferguson (Dundee)</i>	41
Differential diagnosis of photoallergic skin diseases <i>Percy Lehmann (Wuppertal)</i>	42
Photosensitivity induced by quinidine sulfate: Experimental reproduction of skin lesions <i>Percy Lehmann (Wuppertal)</i>	43
Photoallergy to Neotri and a cross reaction to Teneretic: Detection by systemic photoprovocation <i>Percy Lehmann (Wuppertal)</i>	44
Photoallergic and phototoxic disorders of the ethnic skin <i>Peter Schmid-Grendelmeier (Zurich)</i>	45
